

Bushfire Advisory Committee Meeting

2 August 2023

Minutes

To: Bushfire Advisory Committee Meeting Members and Councillors.

Here within are the Meeting Minutes of the Bushfire Advisory Committee Meeting, held on the above-mentioned date in the Shire of Toodyay Council Chambers, 15 Fiennes Street, Toodyay WA 6566.

A handwritten signature in blue ink, appearing to read 'Suzie Haslehurst', is written over a light blue wavy graphic element.

Suzie Haslehurst

CHIEF EXECUTIVE OFFICER

Preface

When the Chief Executive Officer approves these Minutes for distribution they are in essence "Unconfirmed" until the next Committee Meeting, where the Minutes will be confirmed subject to any amendments made by the Committee.

The "Confirmed" Minutes are then signed off by the Presiding Person.

Attachments that formed part of the Agenda, in addition to those tabled at the Meeting are incorporated into separate attachments to these Minutes.

Unconfirmed Minutes

These minutes were approved for distribution on 10 August 2023.

Suzie Haslehurst

CHIEF EXECUTIVE OFFICER

Confirmed Minutes

These minutes were confirmed at a meeting held on 1 November 2023.

Signed: 

Note: The Presiding Member at the meeting at which the minutes were confirmed is the person who signs above.

Apologies

Mr S Tunncliffe	Coondle-Nunile Brigade Representative
Ms S Haslehurst	Chief Executive Officer
Wade Robinson	Julimar
E Francis	Emergency Services Officer

1.3 DISCLOSURE OF INTEREST

The Chairperson advised that no disclosures of interest in the form of a written notice had been received prior to the commencement of the meeting.

2 MINUTES AND ADDITIONAL INFORMATION

2.1 CONFIRMATION OF MINUTES

Minutes of Meeting held on 3 May 2023

OFFICER'S BFAC009/08/23	RECOMMENDATION/BFAC	RESOLUTION	NO.
MOVED	Mr R Koch		
SECONDED	Mr S Gamble		
That the Unconfirmed Minutes of the Bushfire Advisory Committee Meeting held on 3 May 2023 be confirmed subject to amendments as follows:			
<ul style="list-style-type: none"> At the fourth dot point of Item 5.6.7 – the update from the Toodyay Central BFB reword the point to read: <i>“United Arab Emirates donated 12:2 appliance to Australia and it is being used by Central Brigade.”</i> 			
MOTION CARRIED 9/0			

2.2 REVIEW OF STATUS REPORT

2.2.1 Update of Status Report

Attachments:	1. Updated Status Report.
--------------	---------------------------

The BFAC Status report was reviewed and updated.

2.3 INWARD/OUTWARD CORRESPONDENCE

CESM advised nothing significant had been received.

CESM updated the BFAC on the following:

- LGGS funding application;
- Bejoording Fire Station Project;
- Second appliance for Bejoording not granted; and
- ~~Non-slip vinyl~~ Procurement of floor scrubbers for non-slip vinyl

Signed: 
 Presiding Member
 Date: 15/11/2023

3 BUSINESS LEFT OVER FROM PREVIOUS MEETING**3.1 FIRE BREAK TRIAGE INSPECTION ANALYSIS**

CESM tabled a graph at 6.08pm that had been provided at the May 2023 meeting in regard to fire break triage inspection analysis.

Clarification was sought.

Points raised as follows:

- Fire events attended by the brigades last year - discovered the properties were not compliant with their firebreaks. It was confirmed that Rangers do issue fines / penalty notices to address these situations.
- Triage method may be missing properties that do not have a “street frontage”.
- Will this dataset continue informally and appears to be less than 10%.? Collection of data over time may be more significant.
- Triage method identifies a non-compliant property from the road.
- Asset protection zones and firebreaks around structures. Promotion or education possibilities.

Attachments

- 1 Fire break triage inspection analysis graph

4 OFFICER REPORTS

4.1 2023/2024 Bush Fire Control Officer Appointments

Date of Report:	23 June 2023
Applicant or Proponent:	R Koch – Community Emergency Services Manager
File Reference:	FIR25
Author:	R Koch – Community Emergency Services Manager
Responsible Officer:	S Haslehurst – Chief Executive Officer
Previously Before Council:	Resolution 173/08/22 – Appointments 22/23 Resolution 172/08/21 – Appointments 21/22
Author's Disclosure of Interest:	Nil
Council's Role in the matter:	Executive
Attachments:	Nil

PURPOSE OF THE REPORT

To consider the nominations for the roles of Bush Fire Control Officers and make recommendations to Council for Bush Fire Control Officers and appointment of Chief Bush Fire Control Officer and Deputy Chief Bush Fire Control Officer(s) pursuant to Section 38(1) of the *Bushfires Act 1954*.

BACKGROUND

As per items 11.4 and 11.5 of the Shire of Toodyay Bush Fire Operating Procedures (the Operating Procedures), a process for nomination, recommendation and resolution to appoint Bush Fire Control Officers is conducted annually.

As per item 11.5.1 (a-f) the Shire of Toodyay compiled a report on Bush Fire Control Officer nominations received and circulated to the membership via email on 19 July 2022.

Items 11.5.2 and 11.5.3 of the Operating Procedures, now require a recommendation to Council regarding the appointment of Bush Fire Control Officers from this meeting of the Bush Fire Advisory Committee, in line with the procedure of the aforementioned items in the procedures document.

COMMENTS AND DETAILS

Seven applications for the role of Bush Fire Control Officer have been received. These have been provided as a Confidential Attachment. Given the Operating Procedures provide for eleven appointment and only seven nominations have been received, the BFAC may wish to consider whether additional nominations are required.

IMPLICATIONS TO CONSIDER

Consultative:

Nil.

Strategic:

Bushfire management is an outcome that the Council has identified to meet the aspirations for Toodyay as a liveable and thriving Shire in the Toodyay 2023 Strategic Community Plan. The focus of the outcome is to increase the number of registered volunteers for the Bush Fire Brigades. Provision of effective leadership and incident control personnel for bushfire events is a key component of effective management of volunteers.

Policy related:

The excerpt below is from section 11.3 of the *Shire of Toodyay Bush Fire Operating Procedures Administration Manual* which denotes the role, duties, responsibilities and qualifications of a Bush Fire Control Officer as follows:

---Begin Excerpt---

11.3 Bush Fire Control Officer

Role

A Bush Fire Control Officer is a delegated representative of the Local Government responsible for the administration of provisions within the *Bush Fires Act 1954*. The position is required to perform active operational duties in relation to both firefighting and fire prevention strategies within the local community.

A Bush Fire Control Officer must be able to demonstrate experience in wild fire behaviour, AILMS and knowledge of the area. The person in this position must be able to interpret provisions of the Bush Fires Act 1954 and the Bush Fires Regulations 1954 and be confident with communication skills.

This position reports to the Chief Bush Fire Control Officer on all matters pertinent to bush fire management.

A Bush Fire Control Officer may hold jointly the position of Brigade Captain.

Duties and Responsibilities

Duties and responsibilities of the Bush Fire Control Officer include:

- 11.3.1 Authorise permits for hazard reduction burns within the Shire of Toodyay in accordance with the Bush Fires Act 1954 and Environmental Act as and when directed by the CEO;
- 11.3.2 Identify and conduct risk assessments of fire hazards within the Shire of Toodyay;
- 11.3.3 Perform duties prescribed by the Bush Fires Act 1954 and authorised by Local Government;
- 11.3.4 Maintain a personal log book to include a record of events and decisions during an incident;
- 11.3.5 Take control, command and manage resources during wildfire or hazard reduction burns within the Brigade area they are appointed;
- 11.3.6 To take control of firefighting operations at a wildfire outside their Brigade area where no other Fire Control Officer is present;

- 11.3.7 Demonstrate Positive leadership and mentor Captains and Brigade members;
- 11.3.8 Provide advice to the CBFCA and CESM as to when harvest bans and or movement of vehicle bans should be applied.

Criteria of Bush Fire Control Officer -

- Firefighting experience of 8 years;
- Knowledge of managing a volunteer organisation;
- Knowledge of all Fire Response Plans in the Shire of Toodyay;
- Knowledge of the Bush Fires Act 1954;
- Ability to attend further fire and emergency management training;
- Effective Interpersonal Skills;
- Good Written and Verbal Communication Skills;
- Leadership Skills;
- Management Skills;
- Experience in managing operations;
- Ability to perform under stressful conditions.

Qualifications of Bush Fire Control Officer –

Following courses completed:

- Bush Fire Safety Awareness;
- Firefighting Skills;
- Crew Leader 2020;
- Advanced Bush Fire Firefighting 2020;
- Structural Fire Fighting;
- Sector Commander;
- Fire Control Officer;
- AIIMS 2017;
- Incident Controller Level 1;
- AIIMS awareness;
- Ground Controller;
- Machine Supervision.

If a member has not done a course they must endeavour to complete the next available course and in this situation the appointment will be at the discretion of the CBFCA and/or CEO.

---End Excerpt---

Additionally, the process for BFAC to make a recommendation is also specified in the *Shire of Toodyay Bush Fire Operating Procedures*. The excerpt below is from section 11.5 outline the procedure to be followed.

---Begin Excerpt---

11.5 Recommendation of Nominations (to Council)

- 11.5.1 <intentionally omitted>
- 11.5.2 At each August BFAC, the committee will consider the report (11.5.1) and each member present will participate in a survey in the following manner to assist the committee in drafting a recommendation to Council:
- a) By indicating which candidate(s) (zero or more) they endorse on the provided candidate survey form.
 - b) Candidates receiving endorsement on an absolute majority of survey responses returned shall be disclosed to the committee in descending order based on the number of survey endorsements received up to a maximum of 11 candidates.
 - c) In the case of a tie where the 12th or subsequent candidates share the same number of survey endorsements as the 11th placed candidate, process 11.5.3(d) and if required (e) shall be followed to determine the 11th candidate.
- 11.5.3 At each August BFAC, the committee will consider the report (11.5.1), and the results of the survey (11.5.2) and each member will participate in the following manner to assist the committee in drafting a CBFCO recommendation to Council:
- a) Nominations for CBFCO will be called from the BFAC membership. Nominations may come from either:
 - i. candidates recommended in 11.5.2, or;
 - ii. a member of staff who has been appointed an FCO as part of their employment duties under council delegated authority to the CEO.
 - b) Nominees must have expressed their acceptance of the nomination by:
 - i. In writing along with their FCO nomination; or;
 - ii. In person as a member or guest at the August BFAC.
 - c) Where there are more than two accepted nominations, each member present will participate in a survey of the nominees. The membership will be advised of the survey results in descending order based on the number of survey endorsements to assist the committee in drafting a recommendation to Council.
 - d) In the case of a tie, the tied candidates shall become the subject of a subsequent survey, and so on until a result.
 - e) In the case process (d) results in a tie of two candidates the BFAC chair shall have the casting survey response.

- 11.5.4 At each August BFAC, the committee will consider the report (11.5.1), and the results of the survey (11.5.2) and each member will participate in the following manner to assist the committee in drafting DCBFCO recommendation(s) to Council:
- a) The process followed shall be the same as 11.5.3, substituting the term CBFCO for DCBFCO.
 - b) The process may be repeated to appoint desired number of DCBFCOs by ascending number designation.
 - c) Candidates previously recommended to the CBFCO or a DCBFCO role shall be ineligible to be nominated.
- 11.5.5 The drafted recommendation(s) resulting from 11.5.2, 11.5.3 and 11.5.4 shall be moved/voted on by the committee membership present as per normal committee procedures.

---End Excerpt---

Financial:

Nil

Legal and Statutory:

Local Governments appoint Bushfire Control Officers under Sections 38 and 38A of the *Bushfires Act 1954* and the duties of Bush Fire Control Officers are set out in the legislation. The Shire must appoint, at a minimum, a Chief and Deputy Chief Bush Fire Control Officer.

Risk related:

FCOs are provided powers under Section 39 of the *Bush Fires Act 1954*. While the appointment of FCOs aim to reduce risk to the community by providing leadership in control of bush fire incidents, having an untrained or under-skilled FCOs increases the potential exposure to the following risks:

- *Reputational Risk – There is a potential reputational risk to the Shire should review of a major incident expose unacceptable levels of training/skill or oversight in the appointment of FCOs.*

Likelihood: Rare

Consequence: Major

Analysis Risk: Medium

- *Social/Economic/Environmental Risk – There is the potential for social, economic and environmental impact of incidents, where life, or property or other significant assets are lost due to unacceptable levels of training/skill or oversight in the appointment of FCOs.*

Likelihood: Rare

Consequence: Extreme

Analysis Risk: High

In response to this risk, Council moved to adopt the Volunteer Bush Fire Brigade – Bush Fire Operating Procedures as Council's Interim Policy on 24 June 2014 (with most recent amendments adopted 27 July 2023) which sets out the qualities and qualifications of a FCO.

Workforce related:

Shire Staff FCOs – The Shire also requires a number of staff members to be appointed FCOs to perform the function of their employment. As these appointments relate to the management of Shire Staff, Delegation to the CEO exists under the Shire’s delegation register (Item ES8) in relation to Section 38 “Local government may appoint bush fire control officers” of the *Bush Fires Act 1954*.

Historically this includes the individuals holding the following positions:

1. Community Emergency Services Manager (CESM)
2. Emergency Management Officer (EMO)
3. Reserves Management Officer (RMO)
4. Ranger 1
5. Ranger 2

The Shire of Toodyay has a Memorandum of Understanding (MOU) with the Department of Fire and Emergency Services (DFES) that the person employed in the CESM role will be appointed an FCO for the Shire of Toodyay. This requirement extends to any staff member who is appointed to act in the role when the incumbent is on a period of leave.

These details have been provided in this report to provide BFAC the CEO’s intent and full visibility of appointments to be advertised to meet the requirements of the *Bush Fires Act 1954*, and therefore feature in the officer’s recommendation below.

VOTING REQUIREMENTS

Simple Majority

Note:

The CESM provided an overview of the report and explained the process.

Nomination forms tabled at 6.23pm by the CESM.

Chief Bush Fire Control Officer (CBFCO)

N Griggs nominated Craig Stewart as the CBFCO

C Stewart accepted the nomination.

The Presiding Member declared that as there were no further nominations then C Stewart will be the Shire’s Chief Bush Fire Control Officer.

Deputy Bush Fire Control Officer 1 & 2 (DBFCO1 & DBFCO2)

C Stewart nominated N Griggs as DBFCO1.

N Griggs accepted the nomination.

S Anderson nominated R Koch as DBFCO2.

R Koch accepted the nomination.

The Presiding Member declared that as there were no further nominations that N Griggs will be the Shire’s Deputy Bush Fire Control Officer No 1 and R Koch would be the Shire’s Deputy Bush Fire Control Officer No 2

OFFICER'S RECOMMENDATION/BFAC RESOLUTION NO. BFAC010/08/23**MOVED** Mr R Koch**SECONDED** Mr N Griggs

That the Bushfire Advisory Committee recommends to Council the following:

Appointment of (to Position)

1. C Stewart (Chief Bush Fire Control Officer)
2. N Griggs (Deputy Chief Bush Fire Control Officer 1)
3. R Koch (Deputy Chief Bush Fire Control Officer 2)
4. G Forsyth (Bush Fire Control Officer)
5. C Wroth (Bush Fire Control Officer)
6. J Venn (Bush Fire Control Officer)
7. I MacGregor (Bush Fire Control Officer)
8. R Scobie (Bush Fire Control Officer)
8. The following Shire Officers as Bush Fire Control Officers:
 - a) Robert Koch – Community Emergency Services Manager
 - b) Ebony Francis - Emergency Management Officer
 - b) Greg Warburton - Reserves Management Officer
 - c) Leon Couper - Ranger
 - d) Wade MacMillan – Ranger

MOTION CARRIED 9/0

5 OTHER BUSINESS / NEW BUSINESS OF AN URGENT NATURE**5.1 RISK MANAGEMENT**

Nil.

5.2 PRESENTATIONS OR EVENTS

CBFCO attended a CBFCO forum a few weeks ago and will report during roundtable discussion.

5.3 INCIDENT/EXERCISE REPORTS

Nil.

5.4 PROJECTS AND GRANT FUNDING**5.4.1 CESM UPDATE**

Shire awarded 50% funded grant over 3 years to do mitigation on Shire freehold land (Land the shire owns). This is predominantly the area next to the Recreation Centre at River Hills Estate and also the Racecourse/Golf Course up to Hibbertia. That grant is just waiting on the Shire budget process to finalise the Shire's contribution to that grant.

Shire awarded 50% grant Federal Govt for generator (LEMC) so that the Evacuation Centre at the Toodyay Recreation Centre can serve that function. Waiting on the budget to be adopted by Council.

Verge spray program all but complete in terms of trucks running around.

Bejoording 4.4 inbuild and coming soon, Julimar 2.4 scheduled for next year's build and will be with the Shire at least one more season

5.4.2 RMO UPDATE

Contractors have treated 70%. Been a lot of good spraying days and unlike last year where it was difficult due to boggy conditions it has been straightforward now due to less rain. Chemical Treatments – the RMO spray program is successful. The verge program is going well and follow up inspections that will be looked at to determine the treatment has been done.

Mitigation Action Funding Contractors have a couple of burns on the program but questionable at this time of the year as to whether they will proceed. If they do not we will apply for funding again where a window presents itself.

~~Appliances due to be coming to brigades. With the Julimar 2:4 for at least one more season.~~

5.5 STRATEGIC REVIEW / PLANNING

Nil.

Signed: 
Presiding Member

Date: 15/11/2023

5.6 ROUNDTABLE DISCUSSION AND AGENCY UPDATES

5.6.1 CBFCO UPDATE

Signed: MV m-Ka

Presiding Member

Date: 15/11/2023

Depot Bay update:

- Water tanks – going to have the Shire Depot water tanks accessible for refilling appliances this season once the quarantining is sorted out.
- Access fobs for the depot – This will be followed up as an action item to ensure it is followed up as per the agreement.
- Depot Bay - half of the end bay (one vehicle width designated for VFB consumables and cool room trailer. In process of reordering stocks. Stations have plenty of foam and foam is in there. Water and powerade on order. Waiting for kerodrum bunting to come. Once trailers are moved the coolroom will also be re-situated.
- Tanks - not hooked up to rain water yet. Pricing up the piping and works for it to be hooked up. Missed opportunity with winter rain so some level of restrictions or alternate use of make up water for the summer period. Will withhold judgement until they are connected.

CBFCO Update

Forum – ~~it was the first of its kind.~~ **First time held in many years.** 2 day event. **Keynote speaker then presentations and workshops** ~~and a number of presentations~~ on issues to deal with fire. In the first year invite was Chiefs only to understand how the format and numbers worked. ~~It was for chiefs only so they could gauge how it all transpired.~~ It was successful. **There were more than 60 chiefs from all over around the state. Some followed on live telecast. There was a great benefit in networking where there was recognition that there are many common issues.** Most spoke of the great benefit of networking. It was more about people understanding in many different local governments the very similar issues that are dealt with. Some local governments do things differently. ~~It may be held again and next time they may nominate to include deputies. If the forum is held again the thinking is to extend the invitation to deputies and other leaders to prompt succession thinking and assistance.~~

BOC (Operations) - Western power **are seeking exemptions to be able to reenergise lines** ~~looking to carry out works~~ during harvest vehicle movement, ~~hot works and total fire bans.~~ **They are looking for common messaging from local governments working with DFES and LGA.** Currently not exempt. They are asking to be exempt so they can carry out their works and reenergise communications. There are technicalities around allowing them to do that. There is work being done currently in this space. The Local Government may be approached to discuss the matter. Its got to be signed off so they are exempted and it is recorded as such so if they come into the local government on a bad day, they can do that with their own fire suppression capabilities. **We have not stopped Western Power energising and have lent support with fire suppression.**

CESM advised he was part of a working group committee on that item. The group met and the Shire of Toodyay provides the exemption for them in wording on our Shire website but standardised wording needs to be in place so each local government uses the same technology to make it easier for them to understand.

Burn season – New FBI did not work well in its introducing year during the autumn burn period. The indexing resulted in many high FDR which suspended ability to burn with permits. Toodyay spent much time sending and trying to ground truth fuel loadings and conditions to AFDRS. We have been assured that changes to the metrics hold in FBI calculations that should result in a more reasonable outcome in ratings. Toodyay was one of the most affected local governments in the new system being part of Swan Inland North forecast district. The new system seemed to work well in the summer and the HVMB declarations. It was a difficult and challenging time. The Fire behaviour index reached 24. It meant most permits were invalidated. Some work being done in background with reporting and inputs into making those calculations. New system worked reasonably well under the harvest vehicle movement bans. Data was sent nationwide and our input was greater than most other local governments.

Discussion ensued.

Training - available courses for those not in volunteer organisations that include base training in matters of fire. There have been issues with those that wish to do on-line training that are not in a brigade (i.e. farmers and workers being able to log into the courses without a DFES Id. for people wanting to assist during a fire but without a DFES Id number, they cannot get in. We are looking at making changes to the system. This is being looked into to change and make it work.

CBFCO thanked the Executive Manager Development and Regulation for being present and the CESM thanked CBFCO.

Stand-by vehicles: Light tanker parked at Morangup this season to use as a standby vehicle. CESM to follow up.

A brigade that has standby vehicles will get benefit but will also be called out to other events in other surrounding shires.

Signed: 
Presiding Member

Date: 15/11/2023

5.6.2 CESM UPDATE

Arrangement of a session to discuss strategic direction with Captains in process.

Look at training calendar at what is available now and if Captains think there are gaps in capability that can be solved through training.

Stand-by vehicles: Request for a light tanker to be parked at Morangup this season to use as a standby vehicle. CESM to follow up. CESM advised that where a brigade has standby vehicles and get benefit from that, those brigades will also be called out to other events in other surrounding Shires.

5.6.3 RMO UPDATE

Firebreaks: Noticed on Shire managed land we get on top of firebreaks but the 4m compliance is hazardous and time consuming but making gradual steps to make allowances for large fire appliances to be able to access if needed.

~~Verges: Rangers took it up on themselves to say that no land holder is to touch grass on their verges — it was about trees — not living native vegetation. A lot of calls came in as there was confusion about it given the verge maintenance policy being adopted by Council. People are to reduce grassy risk on their verges. It is on the website. This might affect some of our fires at the start of the season.~~

Verges: "The Rangers have notified the public regarding the illegality of collecting firewood from road verges. This will not affect the management of non-native vegetation by landholders on verges to reduce fire risk as per the Shire's Verge Policy".

Acting CEO/Executive Manager Development and Regulation advised that he was proud of the initiative the Rangers are taking and will ensure that communication is improved between departments. Discussion around diagrams for what is appropriate to be done on verges might be one of the methods of educating the public.

Grazing for fire mitigation: This project is working well. Fire hazards are reduced. Stock being well managed.

Signed: M/McKeown
Presiding Member

Date: 15/11/2023

5.6.4 COONDLE NUNILE VBFB

Steve Tunncliffe provides an update, through S Anderson as follows:

In terms of fires and incidents since May's BFAC, the cooler months have been kind and allowed us to rest up; we are looking at increasing brigade training ahead of the season to sharpen skills and give our newer members an opportunity to gain valuable knowledge.

We held our AGM on the 1st of July, welcoming 2 new lieutenants to the leadership group, and an assistant to the training and equipment officers, who will receive mentoring, with the possibility of standing for a position in the future.

Picked up one new member who has joined as an auxiliary, looking forward, she is already showing interest in becoming a firefighter by signing up for Basic Fire Fighting and Bush Fire Skills training, this is encouraging as we increase our female member numbers.

Door and pest maintenance to be looked at as issues are being experienced. The CESM advised that there were actions out of the BFAC to show what the program for **cleaning preventive Maintenance** was.

Looking at increasing brigade training and have new members.

5.6.5 TOODYAY CENTRAL VBFB UPDATE

Peter Brennan provided the following update

- AGM was held 9th of May. Captain Peter Brennan and Lieutenants are Will Hort, Ebony Francis, Mick McKeown and Brian Clarkson. Have succession plan in place.
- During the 2022/23 season, our members contributed over 844 hours to fires attended (699 last year) which when costed at the Australian Bureau of Statistics volunteer rate per hour comes to \$40,512.00. Add to this hours training, stand-downs, vehicle checks, meetings and admin comes to 748 hours or \$35,904.00.

Thus, our volunteers provided 1,592 hours and over \$76,416.00 worth of service to the Toodyay community.

- Since last BFAC there were nine callouts in May, two in June and one in July. Seven of the calls resulted in a stand down. Two of those calls were for the 12.2 only.
- The Toodyay 12.2 remains offline due to its drafting capability upgrade. Advice rec'd we will get it back by 18 August 2023.
- On Sunday 23rd July brigade members conducted a complete detailing of the inside of the 1.4 and 4.4, plus a good scrub of the truck bay floor.
- I have now completed writing the history of the Toodyay Central VBF. The work details the first discussions on fighting fires in Toodyay from 1851, the establishment of the town brigade which was known as 'Central' until it became the VFRS in 1987, the farm unit teams, the pioneers of the brigade establishment we have today in the Shire and much more. The main focus encompasses the formation of the Red Hill Brigade which then became Toodyay Central VBF in 1995 and follows its members and activities in fighting bush fires through until the end of April 2023. I am donating a printed copy to the Brigade plus a copy to the Toodyay Historical Society.
- We are currently reviewing our brigade training schedule for the coming season and have been wondering if there is a plan to repeat a version of last year's Exercise Waterlord. Rob Koch and the team did a great job in putting together an activity that involved all Shire Bush Fire Brigades and the Toodyay VFRS which was built around map reading. The exercise tested crews radio communication and drafting skills whilst also visiting the locations of various emergency water tanks across the Shire. The quality of this exercise earned high praise from all involved and did much to build confidence in skills and team work, whilst enhancing valuable local knowledge for crews.

5.6.6 OTHER UPDATES

With reference to Toodyay Central's enquiry requesting an exercise, the CESM is unable to commit and would require direction from the Shire. Brigades can run their own exercises if desired.

~~CESM requested that if the brigades wanted an event to be held regarding a risk management activity then they should write to the Shire directly to request it.~~

~~The brigades can also run their own activities. CESM will liaise directly with brigades if they wish.~~

RMO advised that on the 26th and 27th of August, at Julimar Fire Station there is an event being held – dog sled racing is being held over two days there. Mindful that the dog sleds will be crossing Howell Road (traffic management in place). Only racing in the morning.

Signed: MVMcKa
