

## Shire of Toodyay Public Health Plan Community Survey

The Shire of Toodyay is seeking input into the development of its Public Health Plan. This plan is a requirement under the *Public Health Act 2016* and will endeavour to identify the public health needs of the community. Once the health needs of the community have been determined, the Shire can establish objectives and policy priorities for the promotion and protection of public health. Your feedback is important as the Shire wants to advocate for the specific health needs of our residents. The survey is available on the Shire's [Website](#) and [Facebook](#) page, residents within Toodyay and Morangup will be posted hardcopies. Your survey responses must be received by the Shire no later than **4:00pm on Monday, 20 May 2019**. For any further enquiries or if you are unable to access a computer and would like a hardcopy of the survey, please contact the Shire's Environmental Health Officer on 9574 9300.

### RANGERS

Please be advised that the Shire of Toodyay Rangers will be conducting both Dog and Cat Registration/ Microchip checks in the upcoming month. It is important for the Shire to be aware of the dogs living in the area, not only if your pet needs to find its way back home after wandering, but especially in the case of dog attacks. The more information we have the better. Please do the right thing and register your pets. More than 2 dogs? Please contact the Shire about applying for a 3-6 Dog application. Please note also that as per the new Shire of Toodyay Cat Local Laws that the maximum number of cats to be kept is 3.

## NOTICE

**Security Installers ARE REQUIRED BY LAW to be Licensed**

to install alarm systems, CCTV cameras, security doors and locks, often at below market prices. In WA, providers of security alarm or CCTV systems, security doors or locks are required to hold a Security Installer's Licence issued by the WA Police Force. Checks carried out by Police reveal that there are many unlicensed operators in the marketplace who are unqualified, have a criminal record or are persons of interest. Before getting security installed, check if someone is a valid licence holder by visiting the [WA Police](#) website and searching the Current Licence Holders list.

### ALERT: Unlicensed Security Installers

Currently, a high number of home owners are utilising the services of unlicensed security installers, and may be unknowingly inviting criminals into their home. These businesses and individuals advertise their services on websites and social media, offering

## Think Before You Burn

May is traditionally a busy month for our Bush Fire volunteers. It is usually around this time of year that fire restrictions are eased.

Due to the relatively dry start to 2019 the Shire recently extended the Restricted Burning Period and may have done so again by the time this news letter is distributed, so please check the Shire's home page as your first port of call. Easing of restrictions does not imply that all fires are safe to light - so please assess weather conditions and detailed forecasts (i.e. MetEye) before burning, ensure that the property is well prepared and you have adequate suppression resources. Burning just prior to rain is also not recommended as wind direction changes and increases in speed often catch people out.

Remember, legislation places responsibilities on those who light fires and penalties may apply for poorly conducted burning operations.

Finally, please consider the impact on our hard-working Volunteers when considering if it is appropriate to light a fire. Lets take care and look after one another.

## National Road Safety Week 6 – 12 May 2019

### DRIVE SO OTHERS SURVIVE

Have you noticed something different about Connor's Mill and the Library this week?

These iconic buildings have lit up the night in yellow to raise awareness of the importance of road safety. Over 1200 people die in Australia on the roads each year, a staggering statistic. So many factors can play a part; speed, impatience, inexperience, mobile phones, alcohol, drugs, fatigue or inattention.

The National Road Safety Week campaign aims to encourage people to think about the way they drive, the impact of road traffic injuries and prevention. Make your pledge to keep your loved ones, and all our loved ones safe on the roads. Thanks goes to the Road Safety Commission for the grant to Toodyay Roadwise to fund the lights this year. Stay safe on the roads everyone.

Photos of the Toodyay Library and Connors Mill above are courtesy of Wayne Weaver. Funding for the lights was by way of a grant from the Road Safety Commission to Toodyay Roadwise.

**President's Pen** - Council has been advised by the Minister for Local Government that the Ward System for the Shire of Toodyay will change for this October Council Elections. Wards will be abolished and all nine Councillors elected will represent the Shire as a whole. There will be five vacant positions and the election will be conducted under the Postal Ballot system following the larger than usual voter turnout in the election held in 2017.

Negotiations are progressing between the Shire Administration and the Public Transport Authority (PTA) with regards to the Railway Footbridge. We envisage a successful outcome for the residents of Toodyay Shire and the PTA in the coming months.

Work is progressing with the upgrade of Toodyay Road, with additional funding received from other projects within the state. We anticipate the allocation of State Budget funding to Main Roads for the coming year, allowing further works in any of the six identified sections between Dryandra Road, Morangup, and the Toodyay Town Site.

Work has commenced on the Coondle Nunile Fire complex at the Coondle Wheat Bin on Bindi Bindi Road. Council has passed a resolution for a mural on the Charcoal Lane Toilet block, with the final design yet to be ratified. Work will commence in the coming weeks.

## April Toodyay Community Program

The April Toodyay Community Program was a mixture of craft and sporting activities. We would like to thank all those who volunteered their time, and staff for supporting the community program in such a strong and positive way.

The program kicked off with The Artist's Nook running a clay necklace and wall hanging workshop at the Morangup Hall, staff and volunteers at the Newcastle Gaol took everyone on a treasure hunt to find materials to create their own unique nature prints, the Toodyay Community Resource Centre hosted an exciting Wii and board game morning and the Toodyay Soccer Club kick started everybody to get active and burn some calories before heading into the Easter break.

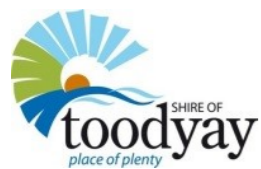

If you would like to be involved in the next Community Program, either as a participant or an organiser, please contact the Shire.

## Toodyay Youth in Malaysia

Recently the Shire, via the Toodyay Visitor Centre, donated some items to a recipient of the Toodyay RSL Sandakan Scholarship, Ellea White. The items included Toodyay pens, magnets, brochures and a book about Moondyne Joe. The gifts were received by the students and principal of St Anne's School of Excellence on the island of Labuan who were very grateful. The Shire of Toodyay is happy to support initiatives that see Toodyay young people out and about in the world doing great things and connecting with other cultures. More details of the trip will be released by the Toodyay RSL.

### Townsite Set for Additional Hydrants

Following an approach by the Water Corporation, the Toodyay Townsite and nearby surrounds will benefit from over 30 new hydrants. The additional hydrants will expand the hydrant network into new areas within and just outside the town-site and provide some gap coverage within the existing network of hydrants. These hydrants will support both Fire and Rescue and Bush Fire Brigades and the valuable work of their volunteers in protecting our community. The Shire would like to thank Water Corporation for this investment in Toodyay.

### Museum News

We have spoken about our ongoing work with Wikipedia before. The Toodyaypedia Stage 3 articles about West Toodyay sites went live 12 months ago. [https://en.wikipedia.org/wiki/Wikipedia:WikiTown/Toodyaypedia/Stage\\_3](https://en.wikipedia.org/wiki/Wikipedia:WikiTown/Toodyaypedia/Stage_3). Since then we have been working on a way of officially launching this stage so that we can celebrate the collaboration between the Shire of Toodyay, Wikimedia Australia, the Toodyay Historical Society and Alison Cromb who authored the articles, based on her research.

By having a launch we can also publicise the project and hopefully make people more aware of the history of the original settlement of Toodyay (now known as West Toodyay).

A booklet based on the format of the 1988 Toodyay Pioneer Heritage Trail pamphlet has been produced. This will be mailed to West Toodyay residents along with an invitation to a morning tea launch at the Toodyay Memorial Hall in June. Additional copies of the booklet will be available at the Toodyay Visitors Centre or the Library. We are hoping to be able to run a Power Point presentation about this project at one or both of these venues after the launch. Updated news about this will be shared on our Toodyay Museums Facebook page.

The new Wikipedia articles are about the following places: Ford Crossing, Military Barracks, Royal Oak 1849, Royal Oak 1853, Highland Laddie, Queens Head, First Toodyay Convict Hiring Depot & Pensioner Guard Barracks, Toodyay Gaol, reserve and well, Toodyay Valley School, Church of Santa Maria, Samuel Ferguson's cottage, West Toodyay bridge. Some of the stone markers which were installed in West Toodyay as part of the original Toodyay Pioneer Pathway Heritage Trail, have now been shown to have been placed in the wrong location.

SUPPORTED BY THE AUSTRALIAN GOVERNMENT AND ALL STATE, TERRITORY AND LOCAL GOVERNMENTS

Primary school aged children across Australia will make those important steps towards a healthier future by participating in National Walk Safely to School Day on Friday 17 May 2019. National Walk Safely to School Day is a community initiative that aims to raise awareness of the health, road safety, transport and environmental benefits that regular walking (especially to and from school) can provide for the long term wellbeing of our children.

Apart from the physical benefits, regular walking also has a favourable impact on their cognitive and academic performance. The annual event, now celebrating its 20th Anniversary, encourages primary school aged children to build walking into their daily routine, by walking to and from school, not just on Friday, 17 May, but every day.

It also encourages parents and carers to walk more, reducing dangerous traffic congestion around schools, while minimising the risk of Australian children developing heart disease and diabetes. Top 5 tips for parents to get their kids walking to school:

1. Walk some or if you can, walk all the way to school.
2. Get off the bus, train, or tram a few stops earlier and walk the rest of the way.
3. Leave the car at least 1km away from school and walk the rest of the way.
4. Set your alarm 30 minutes earlier to fit in a walk to school.
5. If you can't walk in the morning, walk home after school.
